B. The Anglo-Saxon Nobles ..... 381
Index of names ..... 465

# INTRODUCTION.

THE present volume consists of three main divisions:

A. the episcopal successions for each of the Anglo-Saxon sees from the time of Augustine of Canterbury to the Conquest;

B. the genealogies of the sovereigns of the Anglo-Saxon kingdoms, and of some other prominent ruling families;

C. the genealogies, more or less fragmentary, of some noble non-reigning families.

A. The catalogues of the Anglo-Saxon bishops published before 1858 gave merely the names of the occupants of the several sees without any dates; such catalogues are found appended to the Chronicle of Florence of Worcester (FlW) in the Monumenta Historica Britannica (MHB) and in Mr B. Thorpe's edition, and in Mr H. Sweet's Earliest English Texts (Sw). Many MSS are referred to in the notes in the MHB.

In 1858 Mr W. Stubbs published his Registrum Sacrum Anglicanum; this work gives a chronological arrangement, as far as such a plan was capable of being carried out, of the bishops of all the sees in England; a second edition of this book was published in 1897, when its author had become Dr Stubbs bishop of Oxford. Where the chronicles fail, Dr Stubbs has recourse to the episcopal subscriptions, which are appended to charters more or less accurately dated, for the purpose of somewhat fixing the dates of the bishops; he does not, however, generally give references to the charters themselves.

In the present work, the writer has added to the names of the bishops in the succession lists of the different dioceses, as supplied by the old authorities, the dates of their accessions and of their translations or deaths furnished by the chronicles. When the chronicles are silent, he gives, with Dr Stubbs, dates deduced from the land-charters mentioning the bishops, who had to do with

the land granted, or who (more frequently) were only witnesses to the grants; references, as complete as possible, to these charters have in each case been given, chiefly to Mr Birch's Cartularium Saxonicum (BCS) and to Mr Kemble's Codex Diplomaticus (KCD). Mr Kemble marks doubtful charters with an asterisk (*), and the writer has followed his plan.

It does not often happen that the dates of the accessions of the bishops can be fixed exactly; even when found in the chronicles the dates are often inaccurate and need correction. In most cases all that can be done is to find the date of the latest charter of a bishop and that of the earliest charter of his successor; these furnish limits, often very widely separated, for the death of the one and the accession of the other. In some cases, however, there are no charters witnessed by the succeeding bishop, and hence this bishop has no definite dates assignable to him; this is the case with Æthelweard bishop of London and Wærstan bishop of Sherborne.

The mark × between two dates relating to an event serves to imply that the event may belong to any year between those dates inclusively. The mark (!) is sometimes used for 'sic.'

Since the Anglo-Saxon charters are now for the most part represented only in copies of later times, it is not always certain that the dates found in these copies are correct. But it is hoped that the arrangement here attempted may enable students of Anglo-Saxon history to determine, more definitely than has hitherto been done, the dates of the charters and of the episcopates of the prelates of the Anglo-Saxon and Anglo-Danish periods.

In the first column of any diocesan list will be found the name of each bishop of the see together with references to the chief works for his history, such as the Dictionary of Christian Biography (DCB) down to the year 800, and the Dictionary of National Biography (DNB).

Scribes and editors frequently altered the names of the bishops; thus we find Athulf, which is really Æthelwulf, used for Eadwulf.

Again, the confusion between Æthel– and Wulf–, noticed by Wharton (Anglia Sacra j 53) is a great cause of difficulty, as is also that between Ælf– and Wulf–, Ead– and Eald–.

The three themes Ælf–, Ealh–, and Heah– are much confounded both in ancient documents and in modern lists.

Such varieties of spelling are given in this column.

In the second column are given the date, as nearly as it can be ascertained, of the bishop's consecration, and the see to which he was primarily consecrated. Here also are mentioned the contemporary bishop or bishops bearing the same name; this identity of name is one source of difficulty in dating the bishops, for, as the charters do not in early years record the sees of the witnessing bishops, it may be somewhat doubtful in any particular case which of the two or three contemporary bishops is the signatary.

The third column gives the date of the bishop's accession to the see in question, if he was translated from another see; if he was consecrated to the see itself, there was no translation, and no date will be found in this column. The various designations given him in different documents are also given here.

The fourth and fifth columns contain references to the earliest and the latest charters in which the bishop's name occurs, and also to any council at which he was present.

In the sixth column is given the date of the bishop's translation or death, with the variations found in the different authorities.

The year of the Conquest A.D. 1066 is not strictly the boundary of the episcopal successions considered in this book, for that year has been overpassed without hesitation, when in any see a bishop of somewhat later time bore an Anglo-Saxon name.

The chief portion of the first part of this volume consists then of the diocesan lists of the sees of the Anglo-Saxon monarchies and of Whithern in Galloway; to these are added the partial successions of the bishops of Cornwall, of Mayo of the Saxons (Ireland), of Llandaff (Wales), of Glasgow (Scotland), of Anglo-Saxon consecration.

These tables are followed by

1. a list of bishops holding temporary, foreign, or doubtful sees, mentioned in A.-S. charters and histories, and

2. a list of bishops, of whom nothing whatever is known beyond the fact that they were signataries to certain charters. It is possible indeed that some of them may belong to the succession of the Anglo-Saxon sees, in cases where the accession of a bishop is known only as occurring within wide limits; thus when the accession of Cynefrith of Rochester is dated 909 × 926, Ælfstan of Rochester 946 × 964, Ælfric II of Elmham 1023 × 1038, Beorhtmær of Lichfield 1020 × 1026, each of these bishops may have had a shortlived predecessor. The succession at Lichfield between A.D. 857 and

A.D. 916 is uncertain, as the ancient catalogues give no names of bishops of that see in those times.

Many of the charters above referred to are doubted by Kemble, but the rest, perhaps the majority, seem to be considered genuine by him.

A general alphabetical list of all the bishops, known and unknown alike, will enable the student to investigate more closely their signatures to the charters. A few Prætermissa et Pseudonyma come at the end of the list.

The names joined by brackets belong to the same personage.

The dates that are, or seem to be, the true ones are printed in thick type.

The large number of works supplying dates has rendered Addenda et Corrigenda (pp. 201—204) necessary[1].

It was impossible to study the succession of the Anglo-Saxon bishops without making continual and grateful use of the two editions of the Registrum Sacrum Anglicanum, 1858 and 1897. In some cases the writer has simply given the bishop's statements, when the latter has not quoted any authorities for them and no such have been discovered. The spelling of the names given by Dr Stubbs has sometimes been altered, in accordance with the evidence of the charters.

---

B. The second part of this work consists of the genealogies of the several dynasties of the Anglo-Saxon kingdoms and principalities.

These dynasties are:

the kings of Kent,
the kings and ealdormen of Sussex,
the kings and lords of Wight,
the kings of Essex,
the kings of East Anglia,
the kings and ealdormen of Mercia,
the kings of Bernicia and Northumbria,
the kings and under-kings of Deira,
the princes of Lindsey,
the kings of Wessex and of England,
the Anglo-Danish kings of England,

[1] The Itinerary of William of Worcester (Nasmith) p. 309 mentions the death of Herfast bishop of Thetford as having happened on St Julian's day, 27 Jan., the year not being given.

the house of earl Godwine,
the rulers of the Hwiccas (Worcestershire),
the earls of Northumberland, and
the descendants of Ragnar Lodbrog, a few of whom are found also among the kings of Northumbria.

An attempt has been made to give the most trustworthy dates of the events in the lives of the several kings and of their relatives; these dates are printed in thick type. The less certain dates given by various authorities are in ordinary type.

---

C. The genealogies of Anglo-Saxon noble families which now follow are mostly very short and fragmentary. That they are not more complete is due to the circumstance that no history of any of these families exists. All that was possible was to put together such information as could be derived from the scattered notices of the members of these families found in the histories and charters, from the wills which contain references to them, and from their signatures appended to the charters. Often the name of a member of a family, his parentage, and the date of his death, are unknown; the expressions 'N.N.' for a person, 'the son (or daughter) of ....', 'd. a. ...' are used, when no information has been found to throw light on these points. The most extensive pedigrees are those of the great nobles Æthelstan the Half-king, Æthelwine Dei amicus, and Beorhtnoth (Brithnoth) the hero of the battle of Maldon, and that of the family of earl Leofric and the lady Godiva.

An index is given of all the personages mentioned in these genealogies of the nobles.

It is possible that the pedigrees are not all absolutely independent, but the documents which furnish them are seldom very communicative, and what seemed to be the truth has alone been set down.

To fill up page 461 a pedigree of Hereward's family has been added, partly on account of the writer's work on Ingulf, and partly on account of the interest aroused by Kingsley's novel Hereward the Wake; the references and the double line after no. 83 will, it is hoped, prevent the supposition that the writer presents this pedigree as deserving the same amount of credibility as the pedigrees preceding it.

The wills referred to above are for the greater part printed together in Thorpe's Diplomatarium (pp. 457—601).

---

The names have been given in this book in the forms usual in Ælfric's time, a proceeding which has the approval of Dr Felix Liebermann in his review of the companion volume, the author's Onomasticon Anglo-Saxonicum (Archiv für das Studium der neueren Sprachen und Litteratur, Vol. 102, 8vo. Brunsw. 1899).

The abbreviations are the same as those used in the Onomasticon Anglo-Saxonicum (8vo. Cambridge 1897); some have already been mentioned incidentally; a few more are here added for the convenience of the reader:

ASChr Anglo-Saxon Chronicle
FlW Florence of Worcester
SymD Symeon of Durham
LVD Liber vitæ of Durham
LVH Liber vitæ of Hyde Abbey
HSt Haddan-Stubbs, Councils and documents
[RS] The Rolls series of English chronicles
NSA Napier-Stevenson, Anecdota Oxoniensia 1895

'Lappenberg-Thorpe' and 'Lappenberg-Otté' refer equally to Miss Otté's edition of Lappenberg's History, translated [1845] by Mr B. Thorpe, in Bohn-Bell's Antiquarian series.

The following works are frequently quoted:

Potthast (A.) Bibliotheca Historica Medii Ævi. 8vo. Berlin 1896.
Earle (J.) Land charters. 8vo. Oxf. 1888.
Robertson (E. W.) Historical Essays. 8vo. Edinb. 1872.
Theopold (Ludw.) Kritische Untersuchungen über die Quellen der A. S. Geschichte des achten Jahrh. 8vo. Lemgo 1872.

A full bibliography of the period will be found in the author's Onomasticon pp. xxxij—lvij.

---

That a book containing so extensive a view of the Anglo-Saxon rulers in church and state should be free from mistakes or misprints is improbable; the writer can only appeal to those who may use it to forgive him such errors and to accept this work, the result of much time and labour, as a help to the further investigation and correction of the dates pertaining to the history of England of Anglo-Saxon times. The authorities given are the best that the writer could find; the reader is supposed capable of estimating the real value of the statements of those authorities.

**Woden**

**[Kent]** **[E Anglia]** **[Essex]** **[Mercia]** **[Lindsey]** **[Deira]** **[Bernicia]** **[Wessex]**

There is another genealogy of the ancestors of Woden given in Ethelwerd's Chronicle, a. 857 [Savile, a. 1601, p. 842]. It is the same as that in Asser's Life of king Ælfred from Woden back to Beo (Beaw), but Beo's ancestors are only Scyld (perhaps Sceldwea) and Scef (Sceaf); of this latter no ancestors are given.

WMalm [RS] GR c. 116 has a similar genealogy from Woden back to Sceaf who reigned at Schleswig, and whose ancestors were: Heremod, Itermon, Hathra, Hwala, Bedwig who was the son of Strephius 'hic, ut dicitur, fuit filius Noæ in arca natus'. The accounts of Sceaf given by Ethelwerd and WMalm are somewhat similar; they do not occur elsewhere in English authorities. The name Sceaf is not found elsewhere there, though the word Sceafing occurs in ASChr.

In ASChr BD (a. 855) C (a. 856) we read:

> 'Itermon...Bedwig (Beowi) Sceafing, id est filius Noe, se wæs geboren on þære earce Noe (Noes), Lamech...';

in ASChr A (a. 855) however we find

> 'Itermon Hrawring, se wæs geboren in þære earce Noe, Lamech...'

Asser in his genealogy of king Ælfred [Wise, a. 1722, p. 4] has 'Sem' as the son of Noah, but Asser [Camden, a. 1603, p. 1] has 'Seth'.

Florence of Worcester a. 849 takes this Genealogy from Asser. In MS. CCC Oxon 157 the original reading was 'Seth', which has been altered into 'Sem' by a much later hand. In the genealogies Florence has the biblical three sons of Noah, 'Sem' being the father of Elam, and besides them Seth, over whose name is written 'Saxonice Sceaf' (information from the Rev. Ch. Plummer, M.A.). Thorpe a. 849 prints 'Sem', at p. 247 'Seth'; the MHB a. 849 has 'Seth'.

Further investigations into the A. S. pedigrees will be found in:

Grimm (Jacob), Deutsche Mythologie, 3 vols, 8vo. Berlin 1875 (ed. 4), iij 377—401; he confounds the Lindisfari and the Lindisfarni;

Kemble (J. M.) Über die Stammtafel der Westsachsen, 8vo. Munich 1836, reviewed by Grimm in his Kleinere Schriften, vol. v. part 2 pp. 240—245 (8vo. Berl. 1871) from Göttingische gelehrte Anzeigen 1836;

Kemble (J. M.), A translation of the Anglo-Saxon poem of Beowulf (Postscript to the Preface, vol. ij, pp. iij—xxix), 8vo. Lond. 1837.

[**Cyneswith** d. of Penda k. of Mercia (d. a. 655)
FlW Gen
WMalm [RS] GR c. 98]

In three of the above charters of Evesham, he is mentioned with Coenred k. of Mercia, but as rex Orientalium Anglorum by a somewhat common mistake.

In Mem St Edm [RS] j 97 (Gaufridus de infantia sancti Eadmundi [written a. c. 1150]) we find:

'Non autem arbitrandus est iste Offa (the predecessor of St Eadmund k. of EAnglia [k. a. 870]) ille Merciorum non rex sed tyrannus iniquus, . . . nec ille alter nobilis Offa Orientalium Saxonum rex insignis, qui . . . . Christi amore ductus, propter evangelium, regnum, uxorem, liberos et gentem reliquit . . . , sed illorum regum qui per spatium lx. unius annorum in Estangle ante sanctum Eadmundum regnaverunt, iste Offa ultimus extiterat.'

Beverl."

Nothing is known of these princes of Lindsey from Woden and Winta to Ealdfrith (p. 254). The lists of bishops and genealogies of kings found in MS Cott Vesp B 6 (fo. 108 ff.) whence the series of the princes of Lindsey from Woden to Ealdfrith in Sw. is derived, were written a. c. 810; Ealdfrith is the last name there given.

In Gale, Script xv [1691] App III p. 134 col. 8 are the four additional names, in italics and not represented as forming a descent from father to son. They seem to be corrupted forms of some Northumbrian names, inserted on the supposition that Eanfrith of Lindsey is the same personage as Eanfrith of Northumbria (633—634), whose name occurs in Alured of Beverley (Alfridus [Alfredus (Gale p. 135)] Beverlacensis) [Hearne 1716] p. 89, with those of his brothers Oswald, Oslaf, Oslac, Oswudu. These names occur also apparently in Hist Brit [Mommsen MGH] p. 202, Nennius [Gale] p. 116.

**N.N.**

**'Wigferth** or **Wiferth,**
duke of the Hwiccas, was buried in the churchyard of St Peter's at Worcester, as were also the parents of Aldred, Uhtred and Eanberht (Kemble, *C. D.* 102, 128). He was then probably of the same family, and his date seems to fall between 781 and 798 (Kemble, *C. D.* 175, etc.).'

This paragraph transcribed from DCB (Stubbs) iij 182 seems to be not quite accurate. The undated charter BCS 1007 KCD 952, taken from Heming's Chartulary (8° Oxf [Hearne] 1723) no. cxcv p. 341, and placed by Kemble a. c. 1050, but by Birch a. c. 957 without any definite date, is a grant by Wiferth and Alta his wife of land in the county of Worcester to St Peter's church Worcester, where his (or their) parents were buried. There also the parents of the three Hwiccian rulers Aldred, Uhtred and Eanberht were buried (BCS 183 KCD 102* a. c. 757), the church in BCS 205 KCD 128* a. c. 770 being styled that of the B. V. Mary; these two charters are marked by Kemble with a star as a mark of forgery or suspicion. Wigferth is not in that charter mentioned as dux, nor with any other designation. There is no connexion to be traced between Wigfrith and the Hwiccian rulers.

The charter BCS 289 KCD 175 (a. 798), referred to in DCB iij 182, has no mention of Wigferth; the name Wigbeorht however occurs there among the duces of Mercia, and he is found also in charters BCS 264 KCD 161* to BCS 293 KCD 1020 in the years 792—799 in the time of Offa k. of Mercia, but nowhere else, and no other Wigbeorht dux seems to occur at any time, nor any as dux of the Hwiccas. A Wigfrith occurs as thegn of Wessex in a. 784 (ASChr a. 755 FIW a. 784) and the same or another as princeps of Wessex in a. 801 (BCS 282 KCD 180*, accepted as genuine Theopold p. 28); this cannot have been the dux of Mercia.

In Dugdale's Mon. (ed. 1816) j 567 the charter BCS 1007 KCD 952 Heming no. cxcv is quoted as speaking of Wiferth as 'duke of the Wiccii.' In Dugd. Mon. j (1655) 120 the above pair are termed 'Wiferdus dux et Æta conjux,' and they are placed 'tempore Offæ regis [a. 757—796] et Ætheredi ep.', who however are not mentioned in it.
